<http://knowledgeconnex.com/NHIMA/022412/home.html>

Cost: \$85.00 per site

Each site may have numerous people attend using one phone line and one internet connection per paid registration.

CEU's: 2

SDHIMA and NHIMA have teamed up to provide our memberships with education regarding ICD-10. This webinar will review the ICD-10 PCS root operations, their definitions, and coding examples from the following root operation groups in the Medical-Surgical Section.

- Procedures that alter the diameter/route of a tubular body part
- Procedures that always involve devices
- Procedures that involve only examination of body parts and regions
- Procedures involving other repairs
- Procedures with other objectives
